

### ***REMARKS***

In response to the Examiner's restriction requirement, Applicant has selected Invention I represented by claims 1-44. Applicant submits herewith new claims 50-56 directed to Invention I. Claims 45-49 have been withdrawn. **The claims remaining in consideration are claims 1-44 and 50-56.** Claims 1 and 18 are the independent claims remaining under consideration. No new matter has been added by this amendment and response.

#### ***I. Restriction Requirement***

The Examiner has issued a restriction requirement, identifying Invention I as "establishing discounted programs for members of an organization," represented by Claims 1-44. Invention II is identified as "processing information over a network" and represented by Claims 45-49. Applicant selects Invention I.

#### ***II. Added Claims***

Applicant has added new claims 50-56 to the application. Claims 50-56 depend from independent claim 18, which the Examiner has associated with Invention I and Applicant has provisionally selected in this response. These claims are directed to subject matter described in the original specification as filed. Applicant respectfully draws the Examiner's attention to paragraphs [0052] to [0121] of the specification. Therefore, no new matter has been added by these amendments.
